By Andrea "Aunni" Young

January 23, 2010

BWX Lounge celebrated its one year anniversary with DC's own Grammy award winning, Dancing with the Stars' Finalist Mya. Mya was greeted by fans and party goers with a lot of love and excitement! BWX Lounge presented Mya the "DMV and BWX Lounge Shining Star Award", a beautiful glass award. Mya granted Aunni of AYD an interview before an exclusive Meet & Greet with some of her fans. Mya had some interesting things to say about being a finalist on the reality show, and also about fashion, beauty, & lifestyle.

Mya on Dancing with the Stars'...

When asked how she felt about placing second to Donny Osmond on the 9th season of the dance competition reality show, Mya said she was not upset that she didn't win. On a positive note, Mya said "I wanted to be as great as possible every week. I was blessed to make it to the finals, everyone worked really hard."

Mya on Fashion...

When asked what her fashion favs were, she said "I love shoes and boots. I would rather buy 10 pairs of shoes instead of a purse or (designer) bag. My two favorite shoe designers are Giuseppe and Cesare Paciotti. They have fierce heels."

Mya on Lifestyle...

When asked how she relaxes with such an exciting career and demanding lifestyle, Mya said "Sleep is number one. I also love going to the spa and getting treatment. During the Dancing with the Stars' show, I got massages every other day. Spa massages are my favorite way to relax."

Mya on Beauty...

When asked her beauty secrets, Mya said "I use natural treatments to take care of my skin and my hair - egg yolks are my favorite treatment."
